

What are cookies?

Many websites collect small amounts of information about your business on the site. This information is contained in a text file known as a "cookie", stored on your personal computer. In order to always guarantee the best possible navigation, our site offers the best performance with enabled cookies. Thanks to cookies it is possible to "remember" you when you return to our site, as well as identify and resolve errors - providing you with faster and more suitable navigation for you. Additional data is stored only through your explicit consent, for example when you provide us with information for a request for one of our products.

Cookies cannot cause damage to your computer, we also select very carefully all third-party suppliers who can set cookies for marketing purposes.

Types of cookies used on this site:

The cookies used on this site are based on the guide of the International Chamber of Commerce, for the categories of cookies. Discover all the detailed information below:

Category 1: "Strictly Necessary" Cookies

These cookies are necessary to allow you to navigate within the site and use its functions.

This site uses "Strictly necessary" cookies on pages such as contact forms. This information is automatically deleted at the end of each session.

Category 2: "Performance" cookies

These cookies collect information about how users use the site, for example which pages are most visited, rather than any error messages that the user receives from the web pages while browsing.

Category 3: "Functionality" cookies

These cookies allow the site to "remember" the choices you have made (such as your user name, the language or region in which you are located) and therefore provide more complex and suitable functions for you. For example, a site may be able to provide you with weather information or traffic news, storing the region in which you are currently positioned in a cookie. These cookies can also be used to "remember" the change you made to the size of the text, the font to be used and other customizable features of the web pages. They can also be used to provide a service you have requested, such as viewing a movie. The information that these cookies collect can be made anonymous and cannot track your browsing on other websites.

This information is automatically deleted at the end of each session.

Category 4: "Profiling" or "Advertising" cookies

These cookies are used to display advertisements that are relevant to you and your interests. They are also used to limit the number of times you view a single advertisement as well as to help measure the effectiveness of an advertising campaign. They are usually placed by advertising networks with the permission of the website operator. They keep track of your visit to the site and this information is shared with organizations such as advertising agencies. Profiling or advertising cookies are often linked to site features provided by third-party companies.

The following category 4 cookies are used on this site:

youtube.com

Cookie settings

You can decide whether or not to allow the setting of cookies on your computer, but this website works optimally with all types of cookies enabled. The settings relating to cookies can be controlled and modified from the browser's "Preferences".

Select the browser you are using below for information on how to change cookie settings.

Chrome

Firefox

Internet Explorer

Opera

Safari

and disable cookies, this could lead to the disabling of some features of the site. Even with all cookies disabled, your browser will continue to store a small amount of information. This information is necessary for the basic functionality of the site.

Cookie list

The site may use some types of cookies. In particular, the site uses session cookies, whose function is limited to the transmission of session identification data necessary to ensure efficient navigation. Other types of cookies, or similar technologies, may be used from time to time to allow the use of the site or specific features.

Some persistent cookies may be used in order to trace the language used by the user's computer system, which can however be disabled at any time. Instead, cookies are not used for the acquisition and transmission of users' personal identification data or tracking cookies. For session data and for data strictly necessary for the functioning of the site, the consent is necessary and does not require the consent of the users. Failure to provide these data may possibly make it impossible to browse the site. For more information on disabling and setting cookies, users can consult the appropriate section of the site and follow the procedures specifically provided for by the latter.

The Site may contain links to other Web sites that have their own privacy policy which can be different from the one adopted by www.eleonoraghilardi.com and therefore not responsible for these sites.
